Passionate about coding since my preparatory classes, I learned at ESCP to apply it to business problems. 2 years across operations, VC and startups, now looking for Applied AI, Solutions or Forward Deployed Engineer roles from July 2027.

PROFESSIONAL EXPERIENCE

Jun 2026 – Present **HASSCORP|** Freelance — Paris, France
Forward Deployed Engineer
- Delivered **11 AI tools** and automations for **5 clients** (1 VC fund, 3 startups, 1 construction company), from scoping workshops with project owners to production deployment
- Automated a VC fund's investor reporting (Google Apps Script, Google Docs API), cutting **2 weeks of work for 3 people** to a **30-second generation**
- Shipped white-label software embedded in 2 client brands (**25 users**), now being commercialized as a new revenue stream

Jan – Jul 2026 **NEWFUND|** French & US Venture Capital Fund — Paris, France
Applied AI Engineer
- Developed Eurheka, an AI scientific & patent due diligence tool used by the fund's **4 healthcare investors**
- Turned it into a clinician prospecting tool for startups: **1,000+ qualified US clinicians in 3 min** via LLM mapping to MeSH/CPT/DRG codes; outreach hit **80%+ open rate**, **5% reply rate**, **1 signed deal**
- Built LiquidityDesk, the platform behind a new secondaries fund's fundraising: Next.js/TypeScript app with ~25 API routes and raw SQL on an 8-table PostgreSQL schema, plus a custom HubSpot CRM app
- Trained 3 portfolio startup CEOs on AI, enabling them to ship **10+ automations** in their operations

Jun – Dec 2025 **SORARE|** Scale-up — Paris, France
Operations Intern
- Automated the annual player card creation process using Python & Google Apps Script, saving the operations team **5+ working days** during peak season
- Built an internal AI-powered Slack agent (JavaScript) centralizing team data, used daily by **90+ employees**

Mar – Aug 2024 **FONDATION PROSPECTIVE & INNOVATION |** Think Tank — Paris, France
Project Manager
- Organized the two largest annual forums (**400+ attendees**, including ministers and CEOs), enhancing the foundation's visibility and securing **9 new sponsors**
- Secured a new partnership with HEC Africa, bringing high-profile speakers to the foundation's events

EDUCATION

2023 - 2027 **ESCP BUSINESS SCHOOL** — Paris & Madrid
Master in Management
Core courses: Corporate finance, Strategy, Negotiation, Python, Statistics

2023 - 2025 **UNIVERSITÉ PARIS 1 PANTHÉON SORBONNE** — Paris
Bachelor in Law - double degree with ESCP
Specialization in Private Law

2021 - 2023 **LYCÉE MARCELIN BERTHELOT** — Saint-Maur des Fossés
Preparatory classes for French Grandes Ecoles - Economics and Business (ECG)
Specializations: Mathematics & Computer Science, Geopolitics
